

Coral Data Sheet

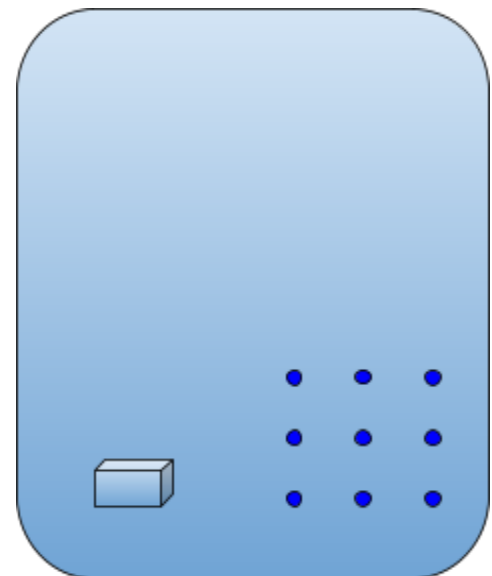

Name _____

Research the families of deep sea coral in the Light Color Key. Draw a picture representing one type of coral from each category; soft, stony, and black coral.

Light Color Key		
white, yellow, orange soft coral	pink, purple, red stony coral	blue, teal, green black coral
		

Label the spots in the map as Ozobot stops at each one. Then, using the Light Color Key and Ozobot's lights, identify which type of coral Ozobot has found.

Stop 1 _____ soft coral _____
Stop 2 _____ stony coral _____
Stop 3 _____ black coral _____
Stop 4 _____ soft coral _____
Stop 5 _____ black coral _____
Stop 6 _____ black coral _____
Stop 7 _____ stony coral _____
Stop 8 _____ black coral _____
Stop 9 _____ soft coral _____

What fraction of the coral found was:

soft coral $\frac{1}{3}$ or $\frac{3}{9}$ stony coral $\frac{2}{9}$ black coral $\frac{4}{9}$

Convert each fraction to a percentage.

soft coral 33% stony coral 22% black coral 44%
