

Name _____

Directions- Your mission is to solve the problems to reach the end of the track. Solve the 12 division problems. The quotient will tell you what code to use on your track. You may use each code more than once. Double check your work and wait until you solved all the problems before you code your track! Have fun!

1.

$$45 \div 9 =$$

What is your quotient?

What code will you use?

2.

$$18 \div 3 =$$

What is your quotient?

What code will you use?

3.

$$30 \div 10 =$$

What is your quotient?

What code will you use?

4.

$$35 \div 5 =$$

What is your quotient?

What code will you use?

5.

$$20 \div 4 =$$

What is your quotient?

What code will you use?

6.

$$44 \div 4 =$$

What is your quotient?

What code will you use?

7.

$$14 \div 2 =$$

What is your quotient?

What code will you use?

8.

$$8 \div 1 =$$

What is your quotient?

What code will you use?

9.

$$60 \div 6 =$$

What is your quotient?

What code will you use?

10.

$$32 \div 4 =$$

What is your quotient?

What code will you use?

11.

$$28 \div 4 =$$

What is your quotient?

What code will you use?

12.

$$24 \div 2 =$$

What is your quotient?

What code will you use?

OzoCode Cheat Sheet

	turn left
	turn right
	pause (3sec)
	fast
	turbo
	nitro boost
	tornado
	spin
	win/exit (game over)

Quotient Key

Turn Left -	7
Turn right -	8
Pause -	11
Fast -	3
Turbo -	12
Nitro Boost-	6
Exit/Game over -	5
No Code-	10
