

Ari's Pollination Garden

Activity Sheet 1 – Solution

Ari's Pollination Garden

Activity Sheet 2 – Possible Solution

How many flowers did Ari pollinate?		
$\begin{array}{r} 6 \\ \hline \text{Pink} \end{array}$	$\begin{array}{r} 7 \\ \hline \text{Purple} \end{array}$	$\begin{array}{r} 6 \\ \hline \text{Yellow} \end{array}$
$\begin{array}{r} 4 \\ \hline \text{Orange} \end{array}$	$\begin{array}{r} 5 \\ \hline \text{Red} \end{array}$	$\begin{array}{r} 28 \\ \hline \text{TOTAL} \end{array}$

- 1 The pollinator was a bee.
- 2 The color with the most flowers pollinated was purple. The least was orange.
- 3 Use $>$, $=$, or $<$ to compare the data.

$$\begin{array}{r} 6 \\ \hline \text{Pink} \end{array} < \begin{array}{r} 7 \\ \hline \text{Purple} \end{array}$$

$$\begin{array}{r} 6 \\ \hline \text{Yellow} \end{array} > \begin{array}{r} 4 \\ \hline \text{Orange} \end{array}$$

$$\begin{array}{r} 6 \\ \hline \text{Yellow} \end{array} > \begin{array}{r} 5 \\ \hline \text{Red} \end{array}$$

$$\begin{array}{r} 6 \\ \hline \text{Pink} \end{array} > \begin{array}{r} 5 \\ \hline \text{Red} \end{array}$$

$$\begin{array}{r} 7 \\ \hline \text{Purple} \end{array} > \begin{array}{r} 4 \\ \hline \text{Orange} \end{array}$$

$$\begin{array}{r} 6 \\ \hline \text{Pink} \end{array} = \begin{array}{r} 6 \\ \hline \text{Yellow} \end{array}$$
