I Can Recognize and Define a Conditional Statement!

1

If the line is too thick, then _____

2

If the Ozobot sees blue, then _____

3

If the line forks, then _____

I Can Recognize and Define a Conditional Statement!

4

If the line turns, then _____

5

If the Ozobot sees a pink line and blue line, then _____

6

If the Ozobot sees nothing, then _____

I Can Recognize and Define a Conditional Statement!

1

Draw a code:

Write a conditional statement to match:

If _____

then, _____

2

Draw a code:

Write a conditional statement to match:

If _____

then, _____

3

Draw a code:

Write a conditional statement to match:

If _____

then, _____

I Can Recognize and Define a Conditional Statement!

What is a conditional statement?

Give an example of a conditional statement. You can write a sentence or draw a picture.
