

I Can Code Using Advanced Conditional Statements!

A. What does Ozobot do?

On blue, Ozobot _____

On green, Ozobot _____

On white, Ozobot _____

On red, Ozobot _____

B. Pseudocode

This 'pseudocode' is a simple English version of the program for the Color Search game. Read through, then fill in the blanks with the words you think belong there.

Set LED to white.

Wait 1 second.

Repeat forever:

 If Ozobot is on blue,

 If Ozobot is on green,

 If Ozobot is on red,

Move forward 1 step.

Set LED to pink.

Spin left.
