

Objective: Use color and conditionals to program Evo to perform a song.

Instructions

1. Fill in the sequence of colors on the pathway following the order of the musical notes.
2. Using the blocks to the right, build a program for Ozobot to move along the path. As it comes to each color, it should play musical notes.

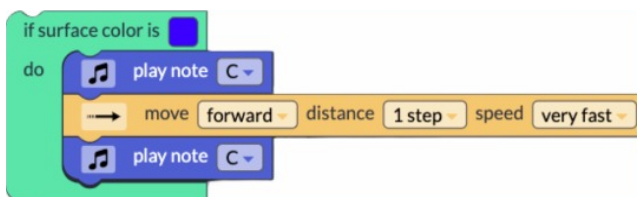

Twinkle, Twinkle Little Star (notes are C C, G, G, A, A, G)

Hint: C, C = blue G, G = red A, A = green G = black

Hint:

Possible Solution Program
