

Ozobot Makes Music Part 2

Possible Solution

Objective: Use color and conditionals to program Evo to perform the song “Mary Had a Little Lamb.”

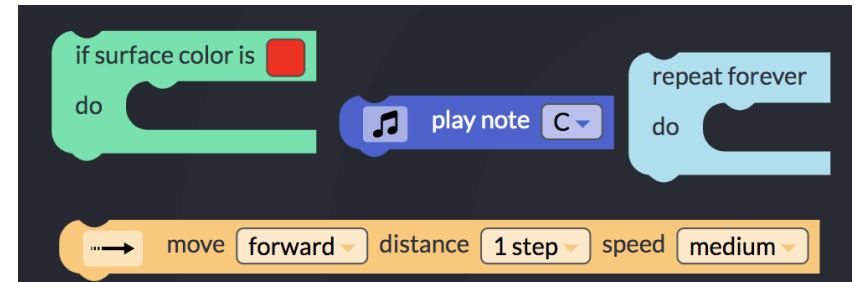

Instructions

1. The song “Mary Had a Little Lamb” uses four notes in the following order:

E, D, C, D, E, E, E, D, D, D, E, G, G

E, D, C, D, E, E, E, E, D, D, E, D, C

Using the blocks to the right, build a program for Ozobot to play a note or group of notes as it senses each color along a pathway.

2. Use the pathway below for the colors that Ozobot will read to play the song.

3. One constraint to keep in mind is that you have 5 colors to work with.
