

Prediction Pro Activity Sheet

Name: _____

Date: _____

Explore

Write the Share Code you're using for the Explore section of the lesson. As you observe the bot performing the program, write the pattern. Then, predict the last action according to the pattern.

Share Code _____

What is the pattern? _____

Predict the last action at the end of Ozobot's program. _____

Evaluate

Explain how programming Ozobot in patterns is similar to how an LLM learns language. _____

If an LLM never saw enough examples, what would happen to its predictions? _____
