

Printable ORA Coordinate Tool

Use this tool to plan out ORA's movements around the quadrant map!

Remember, ORA sits in the middle, so do not plan motions that go through its base.

Printable ORA Coordinate Tool

150mm x 150mm (15cm x 15cm) grid

Overlay this sheet over a single square of the ORA Quadrant map to help plan precise measurements

= 10 mm x 10 mm OR 1 cm x 1 cm
