

Name: _____

Directions: Use speed codes to change Scaredy Squirrel's speed to show the different steps in his emergency plan. Think about how fast he might move during each step. Pick a special move for Step 1.

What to do in case of an emergency according to Scaredy Squirrel:

Step 1: Panic
Step 2: Run
Step 3: Get kit
Step 4: Put on kit
Step 5: Consult Exit Plan
Step 6: Exit tree (if there is absolutely, definitely, truly no other option)

Step 1: Panic

Step 2: Run

Step 3: Get kit

Step 4: Put on kit

Step 5: Consult Exit Plan

Exit Plan "For Secret"

Exit 1
Note to self:
Watch out for
green Martians
and killer bees
in the sky.

Exit 2
Note to self:
Do not land
in rivers. If
unavoidable,
use tarantulas
to distract
sharks.

Exit 3
Note to self:
Look out for poison
ivy and for tarantulas
running
the ground.

Exit 4
Note to self:
Keep in mind
that there are
everywhere.

Remember, if all else fails, playing dead is always a good option!

Step 6: Exit tree
