

TWO DIMENSIONAL ARRAYS SHARE CODES

Program 1: Determining the Default Values for an Array Element
<https://editor.ozobot.com/blockly?programId=u2uf8n8>

Program 2: Filling the Elements of the Array with the Number 5
<https://editor.ozobot.com/blockly?programId=epmcn3q>

Program 3: Filling the Elements of the Array with a Mathematical Calculation
<https://editor.ozobot.com/blockly?programId=rhm58rm>

Program 4: Filling the Elements of the Array with a Sequence of Values
<https://editor.ozobot.com/blockly?programId=yg7en74>

Program 5: Rolling a Pair of Dice and Searching a Two-Dimensional Array
<https://editor.ozobot.com/blockly?programId=t9bqhim>

Program 6: Creating a 3x3 Identity Matrix
<https://editor.ozobot.com/blockly?programId=4ssg898>

Program 7: Dealing a 7-Card Poker Hand
<https://editor.ozobot.com/blockly?programId=audrxv9>

Dealing a 7-Card Poker Hand to Multiple Players
<https://editor.ozobot.com/blockly?programId=bd5ab7i>
