Ozobot's Landform Adventure

- 1 First Ozobot, will travel north to a large landform that sits highest above the rest of the land.
- 2 Next, Ozobot will travel east to a lower, rounded landform that is still above the rest of the land.
- 3 Then, Ozobot will travel south to a low landform set between hills where a river flows.
- 4 Now Ozobot will follow the river west, to a sandy coast and crashing waves.
- 5 Ozobot will move along the ocean, to see a small piece of land with water on all sides.
- 6 Next, Ozobot will travel east into a dry place with very few plants.
- 7 When Ozobot travels north, it will move between tall cliffs or rock walls.
- 8 After Ozobot heads east, it will move around a mountain filled with lava.
- 9 Then Ozobot will travel north to see a high landform with a flat top.
- 10 Finally Ozobot, will end in a large, flat area of land with no hills or mountains.
